

Dr. Emilio Caballero, head of the art department at West Texas State University and Mrs. Sandy Buttrill began work this week on the Christmas cards to be sent to the Canyon servicemen in Vietnam and Korea. The cards will be from

the community of Canyon and will be sent to 23 servicemen. The cards will be finished at the end of this week and will be posted in Canyon for members of the community to sign.

Board Eyes

Summer School

The Canyon School Board approved Tuesday night the initiation by Supt. Jerry Jacobs of a survey of secondary and elementary students and teachers for opinions on establishing a summer school program in Canyon schools.

The survey idea was introduced by Jacobs, who said the primary interest right now would be to offer courses as an enrichment to supplement the present curriculum.

General Inspects

Major General Francis Murdoch, Jr., spent Wednesday on an inspection tour of West Texas State University's Reserve Officer Training Corps.

The Corps is under command of Colonel Billy Smith. General Murdoch arrived at Amarillo Air Terminal Tuesday afternoon and was greeted by a red carpet committee from the Canyon Chamber of Commerce.

He began his inspection Wednesday morning on the campus. He was met by an honor guard and the ROTC band which played several numbers including the national anthem and "Honors to the General."

General Murdoch talked with junior and senior ROTC members and was honored at a businessmen's coffee in the First National Room at First National Bank.

He attended a luncheon on (See GENERAL, Page 5)

He said such an idea has been discussed in the past. Jacobs said the summer courses would not necessarily be the same as those offered during regular school sessions. He said special courses, through student interest, might be offered.

Money to finance the summer program could be raised through tuition, he said.

The board appointed Bill Davis as co-chairman to serve with a co-chairman appointed by the Canyon City Commission on a committee to study a proposed merger of the city and school tax offices.

J. O. Parker and Wesley Cox were also appointed to the committee.

The City Commission will meet tonight and appoint their committee members.

Tentative sketches by architects, Shiver and Megert of Amarillo, were viewed by board members. The sketches were of the proposed junior high school.

Jacobs outlined briefly the

He replaces Vaughn Vandergiff who recently resigned.

Brown handled arrangements for Bufo Expo in Amarillo and sale of Buffalo season tickets this year.

Valuable Papers In Museum Here

The second part of the William Benjamin Munson collection of papers is now in the library of the Panhandle Plains Historical Museum. The entire collection is valued at one million dollars.

The first part of the collection concerning Munson's interests in the T-Anchor Ranch was obtained in 1966 from Munson's

daughter, Miss Eloise Munson of Denison, Tex.

The second part of the collection concerns Munson's railroad interests and letter press books dating from 1878 to 1916.

The museum plans to have the remainder of the collection, which is valued at \$5 a page at a later date, according to C. Boone McClure, museum director.

The museum library staff is now in the process of filing and cross-indexing the collection. Mrs. Fay Craine, archivist, said the process would probably take about 18 months.

Munson, who at one time owned 10 million acres of land in Texas, was born in 1846 in Illinois. He graduated in 1869 from the Agricultural and Mechanical College of the University of Kentucky.

Munson then began collecting land certificates given to the railroad by the state. A section of land was given to the railroad for every mile of track (See PAPERS, Page 5)

Clerk For Amarillo Discussed

Randall County commissioners Monday again broached the possibility of having a representative of the county clerk in South Amarillo to accept legal instruments for filing.

Such a deputy would be of- ficed in the court house annex in South Amarillo.

District Attorney George Dowlen told commissioners that under such an arrangement precautions would need to be taken to assure that the main office and the annex office be aware at all times of what the other is doing.

County Clerk Leroy Hutton was asked to check with the Dallas and Tarrant county clerks to see how they handle county clerk sub-stations.

Commissioners authorized the advertising for bids for two electric typewriters, one for the district clerk's office and the other for the district attorney's office.

Commissioner Bill Butler was authorized to contact the Texas State Highway Department in an effort to secure two highway signs pointing the way to the Randall County court house annex building in South Amarillo.

Milo Crop Unresolved

Milo this year may not be in the quantity which everyone expected, but it is of good quality, according to officials at Consumer Fuel Association and Elevator.

Bob Caldwell, manager of the elevator, said it's too early to tell yet how good the yield of milo is going to be, but he said so far it looks good.

He said the elevator did good business Sunday and Monday, but that not much of the milo is still being cut.

He said several farmers have blamed low yields on greenbugs and dry weather, but generally most are happy with the yields.

County Agent John Brazzil said yields this year "will probably not be anything to be over-optimistic about."

Brazzil said some cattle have been brought into the county to feed on wheat. He said whether more cattle are imported depends on rains in the near future.

He said the importation so far "isn't anything like what it could have been." He said it's "a little late to get an extensive run of wheat pasture cattle."

Three Candidate Wives In Canyon

Mrs. Bob Price, wife of the 18th Congressional District Representative, emphasized Tuesday the importance of women during a campaign year.

Traveling with Mrs. Paul Eggers, wife of the Texas Republican gubernatorial candidate, Mrs. Price spoke briefly to about 20 women from several area towns who met for a luncheon.

Mrs. Eggers, who suffered from laryngitis and was unable to speak above a whisper, said women "expect our men to give the money, but we're the ones who always end up doing the work."

She said behind every candidate there is supposed to be a good wife, and asked those women present to "please help me prove that."

Mrs. Price said the time has come for women to fight for what they believe in. She said this is a good year for Republicans to win the White House and other national and state offices.

She urged the women to help make Texas a two-party state. "If you don't have a check," she said, "then you can't expect anything but corruption in government."

Mrs. Price also gave a brief summary of how she liked life in Washington, D.C.

Others present at the luncheon were Mrs. Tom Christian, wife of the candidate for the 75th District; Mrs. Henry Hertner, wife of the candidate for the 74th District; Francis Fatheree, 18th District committeewoman of Pampa.

The luncheon was hosted by the Canyon Republican Women.

Others attending were Mrs. Ray Campbell, vice president of the local Republican Women, Mrs. Louis Henders, Dianna Patton, Dianne Broadus, Mrs. Charles Gerald, Mrs. W.A. Pat-

ke, Mrs. H.R. Fulton Jr., Mrs. R. D. Brittain Jr., Mrs. Dudley Moore Jr., Mrs. John Mann, Mrs. Delbert Turk, Mrs. Weyman Brown, Mrs. Douglas Rittenberry, Mrs. C.H. Clawson, and Mrs. Arch Hunsley.

Local Boy Wins Dairy Award

Mike Hinders, seven-year member of the Randall County Cleta 4-H Club, has been announced winner in the 1968 statewide Dairy Awards program, according to the state 4-H office.

He will receive a \$50 savings bond and his records will be submitted for regional judging where he will have a chance at an all-expense trip to the 47th National 4-H Club Congress in Chicago, Dec. 1-5. Donor for the state and regional awards is Oliver Corporation.

The son of Mr. and Mrs. Louis G. Hinders, Canyon, has won county medals in dairy, horticulture, home improvement and agribusiness. He attended electric camp in 1966 and was a member of the dairy team which represented District 1 at the 4-H Roundup in 1966 and 1967. Last year the team won the right to represent Texas at the national

contest. In 1967 he was selected Texas Holstein Boy.

In 4-H Club leadership work Mike has served as county council vice president and secretary of the junior leaders.

At Canyon High School he has served as chaplain and reporter of the Future Farmers of America Chapter. In FFA work he has received the Star Greenhand, Star Chapter Farmer, Livestock Farming and Lone Star Farmer awards.

"Mike has the potential of developing into one of the leading dairymen in the Southwest. This is his ambition," Randall County Agent John Brazzil says.

While she was at a student assembly in New Mexico during the summer of 1967, Miss Paschall—her friends call her "Neat"—made a commitment to do something with and about her faith.

"All my life," she said, "I've heard people--and myself have sat in Church and sung about how I love Jesus and I wanted to specifically go and love just one person--I wanted to do something specific."

She quit talking and acted. She fired off a letter to the Home Mission Board of which is affiliated with the Baptist Church, and they accepted her application.

Canyon Lions Sell Halloween Candy

Members of the Canyon Lions Club will begin selling Halloween candy today to finance their projects for the year.

The Lions have 1,000 bags of trick or treat candy with 101 pieces in each bag. The candy can be obtained from any member of the Lions club or from Bill Wilson in the Justice of the Peace office.

The cost of each bag is \$1 and the proceeds will be used to buy glasses for Canyon youngsters and for other Lions projects.

Advance Gifts Drive Begins

Workers for the advance gifts drive for the annual Boy Scout finance campaign to begin Monday have been announced by Benny Cooper, chairman.

They are Dean House, Virgil Henson, Bill Adams, Jerry LaGrone, Bill Davis, Joe Gidden, Jack Haley, Wayne Wirt, Ralph Mardis, Weyman Brown, Dick Barrett and Baldwin Stribling.

A breakfast will be held at 7 a.m. Monday in the Gold Room of the east cafeteria at West Texas State University to begin the drive.

Cooper said he expected the drive to be concluded in about three days.

The advance gifts drive will precede the annual fund-raising campaign of the Randall District of the Llano Escondido Council of the Boy Scouts of America. Gene McGlasson, campaign chairman, will announce plans later.

California Firm Showing Interest

A California firm is studying the possibility of building a large apartment complex here in Canyon in the near future.

Officials of Warren Properties of Beverly Hills, Cal., this week told The CanyonNews that such studies are presently being made and will be intensified within the next few weeks.

The firm already is building a 100-unit apartment house at 45th and Western in Amarillo.

"We are definitely interested in Canyon," said Dick Colbourne, who is associated with Warren Properties. "We want to get the one we have in Amarillo under way before we do anything further."

Colbourne said Warren Properties officials expect to be in Canyon within the next six weeks to make further studies.

He said his company caters principally to single young people and young newly weds. The firm has apartment house prop-

erties at various points over the United States.

The company has been in the apartment house business for the past 40 years, Colbourne said.

He said the demand for apartments for single people has shot upward mostly because of changes in living habits and because of the increase in the earning capacity of young people going to work.

In the meantime, Roland Black, executive secretary of the Canyon Chamber of Commerce, Tuesday said the demand for housing in Canyon is acute. He said most available housing is taken and that some 2,000 students at West Texas State University are commuting to Amarillo, not because they want to live in Amarillo but because housing is not available in Canyon.

Concert Drive This Week

About 30 persons attended a Community Concert Dinner Monday night to make arrangements for the membership drive to be held this week.

Workers will contact persons individually in connection with the drive. Anyone interested can also call the headquarters at the Southwestern Public Service building. The special telephone number is OL5-7601, according to Dr. John Greene, head of the music department at West Texas State University.

Dr. Greene said that tickets will probably not be mailed in time for the first concert Oct. 26 and that those purchasing tickets should bring their receipt to the concert.

Memberships are \$10 for adults and \$5 for students including WTSU students. The memberships also apply to 14 community concerts held in Lubbock, Plainview, Dumas and Clovis.

The membership drive will end at noon Saturday.

Mrs. J. M. White is president of the Canyon Community Concert group and Mrs. T.G. Hull was in charge of the dinner.

Inch Rain Over Area

Rainfall measuring more than an inch in some localities and light hail swept the Canyon community Tuesday afternoon and evening.

E. E. Plank, 3 miles west of Canyon, reported an inch of moisture and hail the size of golf balls.

"There wasn't much hail and it didn't do any damage," Plank reported. He said the moisture is just what young wheat needs to get off to a good start.

Vince Raemakers at the Umbarger elevator reported .40 of an inch of moisture there with a little hail. He said Ed Wieck and John Beckman, who live about 3 miles west of Umbarger, reported more hail at their places and that they would notify their insurance companies.

Raemakers also said hail was heavier north of Umbarger.

Louis Hinders, southeast of Canyon, reported 1.25 inches of rain with no damage from the small amount of hail which fell there.

R. B. Gist, Jr., 12 miles southeast of Canyon, reported an inch while his neighbor, Earl Reynolds, caught 1.40 inches.

Here in Canyon, the Randall County Sheriff's department recorded .90 of an inch with pea-sized hail.

W. D. O'Donald, southwest of Canyon, received .75 of an inch with light hail. He said his crop was hailed out in August.

Mrs. Fletcher Sims, about a mile northwest of Canyon, said .80 of an inch of rain fell at her place. She estimated that large hail fell for about five or 10 minutes and pea-sized hail fell for a time thereafter. There was no damage estimate.

WT Student Tells Of Work In Watts

BY CARROLL WILSON

Something clicked inside Bernita Paschall and she decided to stop just talking about being a Christian. She wanted to do and to be.

While she was at a student assembly in New Mexico during the summer of 1967, Miss Paschall—her friends call her "Neat"—made a commitment to do something with and about her faith.

"All my life," she said, "I've heard people--and myself have sat in Church and sung about how I love Jesus and I wanted to specifically go and love just one person--I wanted to do something specific."

She quit talking and acted. She fired off a letter to the Home Mission Board of which is affiliated with the Baptist Church, and they accepted her application.

In the spring just before she

graduated from West Texas State University, Miss Paschall received her assignment.

She was to spend her summer in south central Los Angeles--Watts.

The letter informed her that she would be living in Negro homes and all her work would be with Negroes.

At the bottom of the letter was a statement which read, in effect: If you feel you can't serve effectively in the area listed, please let us know and we will reassign you.

"All my life, I felt I wasn't prejudiced," she said. "Then I thought 'Well, maybe you are.'"

She decided if she was prejudiced, she "needed to go and find out if I had any reason to be."

She left June 9 and met more than 200 other young mission-

I take issue with any effort to liken the Vietnam war protesters and draft card burners in this country to people of Austria who refused to serve in the Nazi Army during World War II.

"The Witness," a television film, was shown prior to a panel discussion sponsored last week by the West Texas State University Christian Community. Hero of the film was an Austrian who was put to death for refusing to serve in the Nazi Army.

I hope no one who attended drew the conclusion that there is a correlation between the Vietnam war protesters and the hero of "The Witness."

Sometimes apologists for draft card burners and "apostles of civil disobedience" even go so far as to liken them to Jesus Christ.

There is no similarity in either case.

Both Austria at the time "The Witness" was supposed to have taken place and the Holy Land in the time of Christ were nations which had been overrun by an alien country bent on conquest and subjugation of the invaded people.

The Austrian in "The Witness" owed no support to Germany, either legally or morally. Germany was the legal and moral enemy of Austria, imposing its will on that little country

by force of arms.

Actually, an Austrian who DID serve in the Nazi army would make a better comparison to our present day dissenters because he gave aid to his country's enemies just as surely as our dissenters today aid the cause of our enemies in Vietnam.

There is nothing of record to show that Jesus Christ was killed for breaking any law. He flaunted the customs of a bunch of religious fanatics—a dangerous thing to do even today. Because Pontius Pilate forsook the principals of Roman law, Jesus Christ was crucified to please the rabble.

We might learn a lesson from Pilate. Every time we neglect the principals of law to please the rabble, this country moves a little closer to its national Goigotha.

A group at West Texas State is forming a committee to work with foreign students.

In the mill is a dinner planned within the next few days. Such a committee can be of real benefit to the students and to this country.

We will never have a better chance to tell the American story to people who will be leaders tomorrow in countries around the world.

I asked a high ranking military man this week what he thinks of Hubert Humphrey's proposal that the bombing of North Vietnam be halted.

"I'd hate to be a GI in South Vietnam," was his comment.

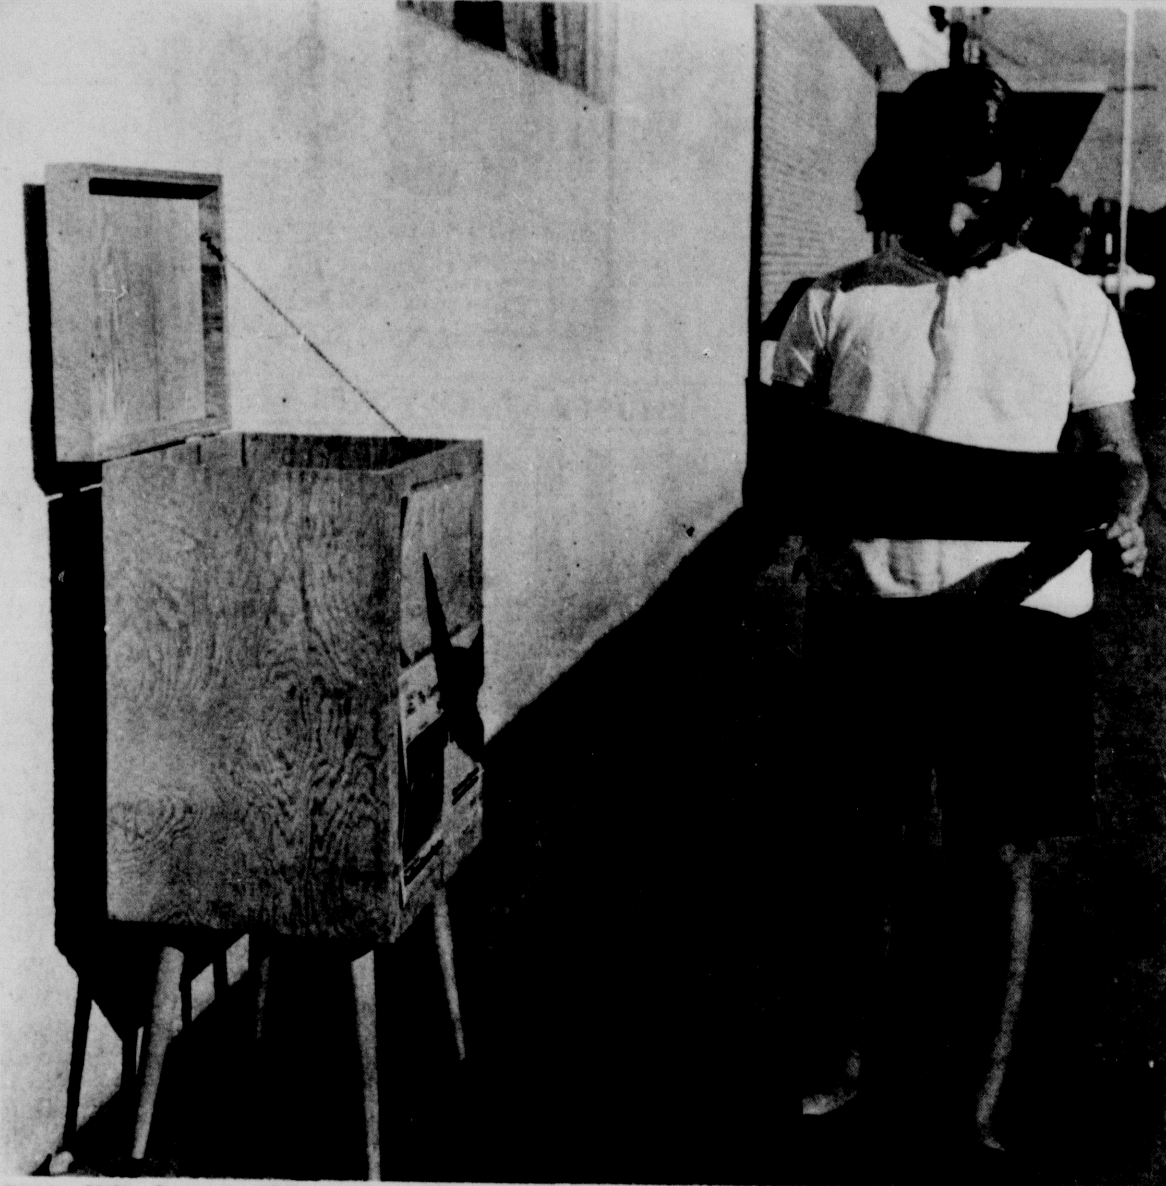

Unless something earth-shaking happens to change my mind, I will vote for Richard Nixon for President Nov. 5.

I wanted Ronald Reagan but in this world we seldom get everything we want. I think that in Richard Nixon we have a responsible leader.

I think that if he is elected we will see a much tougher policy toward both Russia and China. I believe he understands the threat of international communism and has at least some knowledge of how to handle it.

Although I am disappointed that Nixon has not yet made a statement on his proposed policy in Vietnam, his voice is calm and responsible.

The voices of the other two candidates are shrill and a little frightening.

Two Join Paper Staff

Two new reporters have been employed by The Canyon News. They are Elaine Peeples and Carroll Wilson.

Mrs. Peeples' husband, Kent, is employed by International Harvester Company in Amarillo.

Mrs. Peeples was graduated from West Texas State University in 1966 and worked on The Amarillo Globe-Times for 1 1/2 years as a general assignment reporter. On occasion she also covered Potter County court house in the absence of the regular beat reporter.

The Peeples have two children, a daughter, D'Layne, 11 months old, and a son D'Ray, 4 years old.

Both Mrs. Peeples and her husband are from Wellington. Wilson is a graduate of Amarillo High School. He lived

all his life in Amarillo before joining The News staff and moving to Canyon.

He worked more than two

years as a reporter for The Amarillo Globe-Times. He presently is a senior at West Texas State where he serves as editor of The Prairie, the school newspaper.

He is working toward a degree in journalism at WT.

His wife, Susan, is from Houston.

Our World

By Ann Brown
If the current racial situation were not so tragic, it would be amusing. Is it not analogous to Hans Christian Andersen's immortal fable of "The Emperor's New Clothes?"

Surely every responsible, intelligent adult who has lived in frequent contact with people of other races knows exactly what the situation is. But anyone who dares verbalize it is promptly branded as a bigot and a racist.

So, as in the days of the vain and foolish emperor, only the youth who have not yet learned to be hypocritical can speak the truth with impunity.

In various areas all over our nation, students from elementary to graduate school are boycotting classrooms. (Black students, that is, white ones wouldn't dare--THAT would be racism.)

Last week in Emeryville, California, and East Bay and Fremont in Oakland, and Vallejo, high schools were closed because of striking black students. Two hundred parents patrolled hallways and school grounds at Fremont to protect their children.

In every case, the black students were demanding more black teachers and counselors, and courses in Negro history (a course in Negro history has been instituted at Fremont).

At Vallejo, black students demanded more Negroes on athletic pep squads, and elimination of grade requirements for participation in athletics and other extracurricular activities.

School administrators are considering the demands.

Across the Nation at Northwestern U. in Evanston, Ill., black students have demanded--and been given--black dormitories, "chitlins" and collard greens.

At New York U., 50 or 60 black students disrupted the 42,000-student university with a 6 1/2-hour sit-in until their leaders reached a compromise with the administration.

Also in New York, the Ocean Hill-Brownsville experimental

school district filed suit Oct. 11, in U.S. District Court seeking freedom from the city and the Board of Education to run its eight schools. To back up their demands, the Negroes and Puerto Ricans called for a city-wide school boycott for Monday, and a demonstration at City Hall.

What students learn in such environments is not likely to be academic.

Why must our "land of the free" be shamed before the whole world with all this wretched turmoil just because colored students want their own schools, with their own teachers, customs, and traditions; and white students want the same?

Every child should be privileged to attend school in his own neighborhood. As long as there are only a few black students in a white school, or a few white students in a black school, there are usually few--if any--problems. The small minority are usually treated as guests.

But anytime the number of guests in any situation exceeds the provisions made for them, or they try to take over their host's establishment, it is time for them to go home.

Why should the parents who provide the students and pay the taxes be denied the right to manage the schools in their own communities?

Federal officials who loll in luxury on the taxpayer's money, and send their own children to private schools have just about wrecked our public-school system. One can almost hear the laughter of the "swindlers" who took advantage of American zeal for their own private gain.

This Nation was built at a terrific cost by brave pioneers who were willing to die for individual freedom. Will their descendants speak up for truth and reality, or stand mutely by until the last vestige of that precious freedom has been stripped away, and they are exposed as stupid fools like Andersen's emperor?

Dr. Fred Hadsel, director of the Office of Inter-African Affairs, left, speaks briefly with Dr. James P. Cornette, president of West Texas State University Monday. Dr. Hadsel was on the WTSU campus for a series of speeches and a luncheon.

Diplomat Discusses Nigeria-Biafra War

The director of the Office of Inter-African Affairs for the United States said Monday that victory on the part of the government troops in Nigeria over Biafrans "is more likely, but by no means certain."

Dr. Fred Hadsel, who has been with the State Department since 1946, said at this point in the growing conflict for Biafran independence, the possibility of

the Organization for African Unity (OAU) sending an armed force to intervene in the war "is almost non-existent."

Dr. Hadsel spoke to students during an open speech on the West Texas State University, where he was guest lecturer for a day.

He said the State Department feels that it would be foolish for the United States to try to settle the Biafran feud.

"We don't have the power to do it," he said, "nor do we know the answers."

Dr. Hadsel said the United States, however, is trying to exert diplomatic pressure on the Nigerian government as well as the OAU and other African governments to bring the war to an end without further killing and starving.

"Our policy is to get the OAU involved," he said. "We urge a political accommodation and urge them to get on with the humanitarian effort of feeding the starving."

He said all the United States can do is try to persuade. Dr. Hadsel said the more progress the Nigerian government makes in the war--they now have the Biafrans surrounded--the less likely they are to negotiate.

Biafra is getting aid from four countries, now, he said. They are the Ivory Coast and Gabon, both French-speaking countries, and Tanzania and Zambia, English-speaking countries.

"The reasons for this are divergent," he said. "Some of the French-speaking countries are going along with it, because some have asserted--De Gaulle wants them to."

He said Portugal, too, has been helping Biafra by flying in supplies.

"The Portuguese are apparently willing to help because

they think the stability in Africa will help them in their holdings," he said.

The fact that four countries have been helping Biafra does give the people certain military strength, he said.

Dr. Hadsel said the Biafrans have a much better organized coalition than the Nigerians. But, Biafra has only two airports.

One student present at the speech asked Dr. Hadsel about the effectiveness of the American Negro in embassies and State Department posts in Africa.

Dr. Hadsel said there are generally three kinds of reaction to Africans by the American Negro when he is sent to a post there.

One goes to Africa and feels Africans can do no wrong. He becomes more of an African than the Africans themselves.

The other goes and is appalled by Africa.

The other goes and can keep his balance.

Dr. Hadsel said the one who can go and maintain his balance will probably have better initial success than most whites.

The director also outlined the different ways foreign policy can be made, both from the top level and from the bottom level of the State Department.

From the bottom level, the man in the post outside the United States relays information back to the State Department where it is viewed in light of tradition, economics, the government's feelings, what others think about it and so on.

It then goes on up the chain of command and is part of the policy statement.

From the other end, the policy statement can originate with the President himself, he said. It will then trickle down to the lower men in the department.

Voting-Politics Talked In Panel

Involvement in political groups on the West Texas State University campus and the lowering of the legal voting age in Texas to 18 years of age were advocated by members of a panel discussion Monday night at the Baptist Student Center.

The panel was held in conjunction with a Political Emphasis Week sponsored by the Baptist Student Union.

When a person in the audience asked whether the panel members--the panel included Dr. T. Paige Carruth, dean of student life, and David

Matthis of the government department--believe that young people between 18 and 21 know enough of what's going on around them to make a decision, the answer was yes.

Matthis said that by 1972--the year of the next Presidential election--more than 50 per cent of the population in the United States will be under 25 years of age.

"Somebody's going to make the political decisions," he said. "If the people under 25 don't, then the people your age don't have anything to gripe

about."

Matthis urged those in the group to join a political club on the WTSU campus and find out what to do to participate.

Young Republicans and Young Democrats have organized this year on the university campus.

"I'll wind up saying that you're going to be a majority and decisions will affect you," Matthis said. "If you don't participate, then your turning it over to rascals."

The controversial rules and regulations drawn up by the

Board of Regents, Texas State Senior Colleges, also came into the question and answer session.

"Isn't one of the purposes of education to teach the student how to think for himself?" asked one spectator. "If we had more open political groups, wouldn't this enrich our education? Wouldn't it help us get involved?"

Carruth said "yes," but cited the Regent's rules.

"There are, according to the rules and regulations made by the Regents, procedures and prerogatives made for all

legally chartered parties who have candidates on the ballot," Carruth said.

He said the American Party could form a group on campus, as well as could any party with a candidate on the ballot.

Carruth said the major purpose of WTSU is education. "This institution is not a state hospital for people with mental disorders," he said. "Therefore, we don't open the doors to people with emotional problems."

He said likewise the campus is "not for exploitation" by people seeking public office.

In an effort to help sell community concert tickets, Jay Findley, son of Dr. and Mrs. Joseph Findley, took to his trusty steed early

this week. Jay rode about with placards on each side of his saddle. The placards carried information on how to obtain tickets.

THE STATE OF TEXAS

TO: ROSALIE ANN THOMAS NELSON, Defendant, Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the day of A. D. 1968, to Plaintiff's Petition filed in said court, on the 25th day of September A. D. 1968, in this cause, numbered on the docket of said court and styled ALVIN AUSTIN THOMAS, JR., Plaintiff, vs. ROSALIE ANN THOMAS NELSON, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Alvin Austin Thomas sues Rosalie Ann Thomas Nelson to change the custody of their minor son, Brian Leroy Thomas, from Rosalie Ann Thomas Nelson to Alvin Austin Thomas, and to modify a former judgment of the 47th Judicial District Court which awarded custody of said child to Rosalie Ann Thomas Nelson; and Alvin Austin Thomas seeks to have the officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 25th day of September A. D. 1968. Attest: Mavis Hill, Clerk, 47th District Court Randall County, Texas. By Nat Nalley, Deputy.

Watts . . .

(Continued from Page 1)

aries in San Francisco for a two-day orientation. Her coordinator, a senior at a Mississippi college, assigned her and 22 others to homes where they would spend the summer.

She lived in the home, ate there and slept there.

During the past summer, Miss Paschall and her 22 cohorts held 82 vacation Bible schools. They held their schools any place they could find the kids—in parking lots, gymnasiums, vacant buildings, back yards, parks.

At night they would talk to teen-agers. During spare time, they took children to the beach and they held revivals.

She returned to Texas in late August.

"Coming from a small, conservative Texas town I had always heard lots of things about the Negro people," she said. "I found out most of it—in fact almost all of it is not true."

She said for about the first two days she was in Watts, she was very conscious of the fact that she was white—not that the residents were black. "It took a lot of God and I began to see people rather than black skin and white skin," she said. "They were just people."

Miss Paschall said there was no adjusting to be done to her new environment.

"I learned a lot about people and about learning to love people just because they are people, just human beings," she said. "And I learned a lot about my God."

The hardest part of the summer, Miss Paschall said, was to leave—"not to leave just at the end of the summer, but to leave after I'd been working with boys and girls just two weeks."

"I can still see those big searching eyes and their hands holding on to my arm and saying 'When are you coming back?'" she said.

She doesn't know whether she will go back, but she says because she went her life will never be the same.

"I don't feel like I have to go back to Watts to serve my God," she said.

Miss Paschall is a graduate student at WTSU and is working toward a masters degree in education.

campus at noon and reviewed the ROTC men's and women's drill teams. Then he saw a counter insurgency unit's repelling demonstration Wednesday afternoon to wind up his visit here.

The general is based at Fort Sam Houston, San Antonio. He is deputy commanding general for reserve forces at Headquarters Fourth US Army.

General Murdoch began his career as an officer with the old horse cavalry at Fort Bliss, El Paso, in 1935.

'TEXAS' Ranked Third In Nation

The outdoor drama "TEXAS" is third in the nation in attendance when compared with other dramas who have the same season.

This observation was made by Raymond Raillard, executive vice president of the Texas Panhandle Heritage Foundation and manager of "TEXAS" after he returned from the Institute of Outdoor Drama at Chapel Hill, N. C.

The institute was a meeting of managers of ten outdoor dramas including Texas. The managers discussed sales and programs to bring more people out through advertising and financing, Raillard said.

There were also a number of outdoor dramas still in the planning stage represented at the meeting. The only one in Texas was at the Couthatta Indian Reservation in Livingston.

Nearly all of the managers were pleased with their year, Raillard said. Except for the weather, they all had increased their attendance. The managers also felt that the outdoor shows

are becoming better recognized throughout the country.

"One of the high points of outdoor drama," Raillard said, "is that in many instances this is the first time many have seen live theatre so the shows are bringing live theatre to the masses."

"In most cases, they are priced where anyone can afford to see the shows and in all cases, the dramas as historical in nature, family shows, usually well written and well performed and appeal to the masses," Raillard said.

Raillard said that the in-

stitute also helped in that it was an opportunity for the exchange of ideas and managers could meet others and if they ever needed help they knew where to go for it.

Raillard also visited 20 travel agencies and about 12 magazines in New York in an effort to publicize "TEXAS."

"People are very interested in 'TEXAS' but they don't know much about it," he said. Some of the agencies and magazines would like more information and pictures, he said.

"All they have ever heard about the Panhandle is the flat Plains and the Palo Duro Canyon is a revelation. When they see the photographs, they just nearly can't believe it and they want to come out."

The tour agencies would also like for their customers to have a chance to see a ranch operation. They want to have several days in one place and then fly on to another place, he said.

Raillard said that most of the agencies were happy to know that "TEXAS" has been included on a flying tour of the Texas Tourist Development Agency out of Austin.

CHS Has Open Date

Canyon High School's Eagle football team has an open date this week and will begin conference play the following Friday against Hereford.

Coach Dunny Goode said his charges are all in good health this week and uninjured after losing their homecoming game last Friday night here to the Panhandle Panthers 6 to 0. Coach Goode said Gary Schriber was ranking player on offense with a grade of 84. Calvin Yarborough had a grade of 96 on defense.

Tom Tucker led in tackles with 9 and Jim McBroom gave 10 assists. Sandy Hair intercepted a Panther pass and Mike Dudenhofer recovered a Panhandle fumble.

Coach Goode said the Canyon High School Junior Varsity also has an open date this week.

Stompers To Meet AC Team

The West Texas State and Abilene Christian B Football teams meet in Buffalo Bowl Thursday at 8 p.m.

ACC comes to the game fresh from a 50-15 victory over the University of Texas at Arlington, in which ACC quarterback Andy Wood passed for 326 yards.

W. T. coach Jim Ostrander expects some outstanding performances from starting quarterback Ed Holweg and offensive ends Willingham and McCullough.

The strong ACC offense is expected to find some formidable obstacles in guard Reginald Bassett and tackle Pete Cousins.

"I think we have a fine group of freshmen," head Coach Joe Kerbel of the Buffs said, "and some excellent men that haven't been playing in the varsity games."

Admission will be \$1 for adults and 50 cents for children under 12. WTSU students will be admitted free with the presentation of their activity cards.

WT Soccer Club Ties Texas Tech

The West Texas State University Soccer Club worked to a tie game Saturday afternoon against the International Club's soccer team at Texas Tech.

The score, following two 25-minute halves of play, was 2 to 2.

Coach Tom Boutell of WTSU said his team did exceptionally well, considering inexperience and lack of training.

Bufs Host Rebels Saturday

West Texas State seeks to renew its football victory string Saturday night against a nationally ranked University of Texas at Arlington team.

West Texas had a five-game winning streak snapped by Memphis State 42-21 last week. All-American candidate Eugene "Mercury" Morris was held by the stout Tiger defense to 52 yards in 20 carries.

This yardage still moved Morris into a 16th place tie among all-time national collegiate rushers with Jim Gra-

bowski, formerly of Illinois and now a professional standout with the Green Bay Packers. Morris has a career total of 2,753 yards.

Another wild offensive show is anticipated when the Buffs meet Arlington in Buffalo Bowl. Arlington, rated 12th among small college by UPI, got 22 first downs and 485 yards total offense when the two teams met last year. The Buffs, who came out ahead 37-27, gained 445 total offensive yards along with 20 first downs.

The Rebels, who have never won in four games in Buffalo Bowl, are behind in the series 1-4. The lone Rebel victory was 20-16 in Arlington in 1964.

The Rebel offense will be headed by ends Jimmy Thomas and Dick Hill, wingback Mike Buchanan and fullback Danny Griffin.

Thomas caught 21 aeriels for 567 yards, 5 touchdowns, and a 27-yard per catch average, and 3 touchdowns and Buchanan has 10 for 110 yards and one touchdown.

The 6-foot-2, 216-pound Griffin, who carried 23 times for 171 yards and 2 touchdowns in UTA's 42-21 victory over McNeese State last week, is the Rebels leading rusher with 259 yards and a 4.7 average.

Mike Baylor, 6-1, 190-pound senior quarterback, will head the UTA offense. Baylor has completed 59 of 129 passes for 861 yards, 7 touchdowns, and a completion percentage of .457.

The Rebels have a strong kicking game in the form of Skipper Butler who booted a 60-yard field goal against East Texas State. The three-pointer is the second longest successful place kick on NCAA record.

Defensively West Texas is a team that has allowed its

opposition a per game average of only 154 yards rushing and 100 yards in the air.

Leading the West Texas defense against Memphis last week, linebacker Carl Heilman and defensive guard John Notaro logged 12 tackles each while tackle Jesse Powell made 9 tackles. Halfback Billy Lantow, another Buff defensive standout, had five interceptions in the first four games.

Meeting the Buffalo offense head on will be UTA defensive men Jimmy Stoehr, Jim Sheridan and Mike Stamps. Tackle Stoehr is tied for the most Rebel tackles in a single game this season with 16. Defensive halfback Jim Marcum leads the UTA secondary with six interceptions, three of which came in the East Texas State game.

The West Texas offense will be spearheaded by Morris, who set an NCAA rushing record with 340 yards against Montana State, and fullbacks Duane Thomas and Albie Owens. In the first five games, Thomas rushed for 382 yards and Owens for 238.

Buffalo quarterback Roy Winters, in the first five games, hit 39 of 87 passes for 525 yards and threw three touchdown passes in the Memphis State loss.

TD Club Hears Buffalo Coach

Members and guests at the Buffalo Touchdown Club in Canyon will have a chance to win the use of a used car at the next club meeting Monday night.

Announcement of the prize was made Monday at the weekly meeting of club where members saw films of the West Texas State University football team against Memphis State University.

It was also announced that on Nov. 4, the Amarillo Buffalo Touchdown Club will meet with the Canyon group at the Olympic Theater. The Amarillo club will give away use of a Volkswagen for a week and the Canyon club will award the use of a new car for a week.

The entire Buffalo football squad will also be on hand for the Nov. 4 meeting, when the whole WT-Memphis State Game will be shown.

Duane Thomas was named top offensive back in the Memphis State game by head Coach Joe Kerbel Monday night. Thomas was top ground gainer in the game. He received a grade of 94 per cent.

Top defensive honors went to linebacker Carl Heilman and tackle Jesse Powell.

"We played 'em up until the

third quarter," Kerbel said, speaking of the Saturday night contest which WTSU lost 42-21. "Nobody played poorly--they have an excellent defense."

Kerbel said a main factor during the night was the high humidity in Memphis, Tenn. He said the ball was very wet.

"We were trying to play catchup," he said. "We didn't play a perfect game."

The touchdown club viewed highlight films of the Memphis State game and Kerbel pointed out blocks and assists by various team members.

Highlights, too, were shown of the University of Texas at Arlington against the New Mexico State University team last weekend.

Kerbel said the Arlington Rebels would be hard to beat.

"There's no question about what kind of team Arlington has," he said, and pointed out that almost all of Arlington's team members are returning lettermen.

MRS. J. W. WESLEY

Woman Serves On News Staff

BY TROY MARTIN
Mrs. J. W. Wesley of Wayside has seen Randall County grow up.

Also as a rural correspondent, she has seen many changes in The Canyon News since she began writing "Fairview Breezes" some 45 years ago.

Her column is full of the homey happenings of her community and though they may not seem important elsewhere, they're important at Wayside.

Although Fairview is included in the title of her column, the contents are mostly about Wayside. She moved into a home 7 miles west and 2 north of Wayside as a bride of 19 years some 60 years ago and has lived in the same house since that time.

Born March 5, 1889, near Camden, Ark., Mrs. Wesley came to the Wayside area as an orphan when she was a year old having lost both her parents.

She lived with an aunt and an uncle, Mr. and Mrs. Crawford Evans.

Of her foster parents Mrs. Wesley says: "She was my mother's sister and he was my father's brother. They wanted me to live with them and just wouldn't give me up."

There were eight children in the Evans family but there was plenty of work around the farm for all hands. Mrs. Wesley remembers running a plow, a rake and a row binder as a girl.

"I ran the row binder the day before I got married," she declared recently.

"I wrangled cattle too," she went on. "I had to ride a side saddle. A woman didn't dare ride astride in those days. It wasn't done."

"The first time I ever rode astride was with my little boy and I rode over to my aunt's house. She threatened to take me off that horse and whip me. But I thought it was safer to ride that way."

Mrs. Wesley said she got all her schooling at Wayside. She had to walk five miles to and from school each day. She dropped out when she was 16 because she fell behind in her studies as a result of staying out of school to work on the farm.

"Wayside was a one-teacher school with 65 kids in those days," Mrs. Wesley explained, "and the teacher didn't have much time."

Although her parents were very strict, Mrs. Wesley said she was allowed to go to a few parties--no dances.

"We played snap and blind man's bluff," she went on. "We didn't hardly dare to play snap. We didn't dance. That was out of the question."

"After I was married we played Shoot the Buffalo and Come Jump Josie. We'd sing but we didn't have any music. We'd just move the bed outside and play."

While she was little she used to go with her sister to pick up the mail when there was any.

"We got our mail at a half dugout," she related. "This old man Creed would go to the Post Office at Happy and get the mail for all the neighbors and then we'd go to his half dugout and get it."

Attending church was required of all members of the Evans household.

"Old Brother Cope would come over from Claude and preach," said Mrs. Wesley. "He'd preach for at least two hours and we didn't wiggle around while he was preaching."

The revival meetings were something to remember. Everyone turned out for a revival whether the minister holding forth were Baptist, Methodist, Church of Christ or Holiness.

"They'd put up a big tent and have a revival," Mrs. Wesley went on. "Sometimes they'd last three weeks."

The family made two trips a year to Amarillo for supplies in the old days. On each trip they would buy about 1,000 pounds of flour, 500 pounds of sugar and usually some syrup and Arbuckle coffee which had to be ground before brewing.

When the kerosene supply ran out the family depended on tall-candle for light.

Mrs. Wesley has always raised chickens and a garden. She has a good orchard and even now does a lot of canning during the summer months.

The Wesleys reared two children. They are a son, Elvin Wesley of Brownfield, and a daughter, Mrs. Othell Whitten, also of Brownfield. They have six grandchildren and four great grandchildren.

Revival To Begin Sunday

Rev. J. V. Langford of Bethany, Oklahoma will serve as evangelist for a revival October 20-27 at the Canyon Church of the Nazarene.

Rev. Langford has been a full-time evangelist for Churches of the Nazarene over 39 years. He has specialized in the evangelistic field since 1952. He graduated from Bethany Nazarene College in Bethany, Oklahoma and has served churches in Oklahoma, California, New Mexico and Texas before entering the field of evangelism.

Rev. Charles Jones, local pastor, invites the public to attend each of the services which are slated at 7:30 p.m. nightly.

Mr. and Mrs. C. N. Tippery and daughters, Gay and Jo, and Rob Higginbotham spent Saturday in Wichita Falls where they attended the wedding of Mr. Higginbotham's sister, Zee, to Arthur Chouinard at Shepherd Air Force Base.

Which Came First THE CHICKEN or the EGG?

It really doesn't make much difference when it comes to serving a good chicken dinner... and that's our business — serving GOOD chicken dinners. The reason they're so good...? There's a variety of elements — the way they're fried, the seasoning, the batter — but equally as important our chickens are FRESH — never frozen. We've served over 30 million dinners... we like to think it's because "quality speaks for itself"... why don't you treat your family to DRUMSTICK dining tonight and make it... over 30 million and two (or ten as the case may be!)

Parcel Post Rate Hike Due Saturday

Postmaster Lee Roy Moreland reminded postal customers today that higher parcel post and catalog rates will go into effect Saturday October 19.

The rate increase will average 10.5 per cent and in most cases will mean an additional ten cents postage per parcel.

The higher rates were approved by the Interstate Commerce Commission in July.

Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents. The minimum charge for parcels destined outside the local delivery area will be raised from 50 to 60 cents.

Almost all parcels that are charged up to \$1.10 under present rates will go up 10 cents. This accounts for more than 80 per cent of all parcel post. Postmaster Moreland pointed out.

There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4.

Parcel post rates are based on the weight of the package and the distance it is mailed. High rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within four per cent of operating costs, as required by law, Postmaster Moreland explained. The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis.

Additional revenue is needed from parcel post and catalogs to off-set higher costs resulting from pay increases approved last year for postal employees.

Conatser Re-Elected By SCD

About 21 residents of the southeastern portion of Randall County re-elected Charlie Conatser of Canyon last Wednesday to a five-year term as a member of the board of supervisors for the Palo Duro Soil and Conservation District.

Conatser will represent zone five--residents of property east of U.S. 87 running south of Canyon and south of the Palo Duro Canyon State Park road.

Members of the five-man board are elected in rotation, with one facing the voters each year.

The conservation district is a legal subdivision of the State of Texas.

Local Law Student On Seminar

Rhett Plank and his wife, Beverly, have recently returned from a two-week law seminar at the University of Mexico in Mexico City.

The law seminar was an exchange study with Mexican law students and Mexican attorneys. Accompanying the Planks were about 18 other law students and a professor from the University of Houston.

Plank is the son of Mr. and Mrs. John S. Plank of north Randall County. He graduated from Canyon High School, earned a degree at West Texas State University and has recently completed his law degree at the University of Houston. He has also recently taken the Texas Bar examinations.

His wife, also a graduate of WTSU, teaches in Houston Public Schools. They have two daughters, Desiree and Noel.

In a written report to his parents Plank discussed visit-

ing the University of Mexico during the student "revolution" and called the revolution well organized on the part of the students and well controlled on the part of the government.

Plank also wrote that "there were elements of Marxist students and Che Guevara types in the movement" but said that they found that a majority of the students sincerely were in want of freedom of the press and the allowance of a second visible political party to come into power in opposition to the present government.

"We watched the students (about 150,000) march to the Zocalo (town square) in protest to the president. It was quite impressive from our vantage point on the 41st floor of the Latin American Tower," states his letter.

Plank continues in writing that the US students were invited into the homes of several

of the attorneys. He also stated that they conferred with specialist attorneys, many of whom had studied at the University of Texas Law School in Austin and St. Mary's School of Law in San Antonio, later completing a 4-to-5-year course of law in Mexico to earn international law degrees.

The seminar on international commercial transactions which was initiated through the University of Houston, Bates College of Law, by Professor Richard W. Ewing is to become a permanent feature of the University of Houston Law School and current plans call for the Mexican attorneys to now become available as students at the University of Houston for a year of graduate study in the U. S. on Texas on commercial law.

Purpose of the seminar and study is to make for freer ex-

change of investment capital and technology between the American and Mexican attorneys, concluded Plank.

Henry Hamblen was re-elected president for the Wayside Community at the annual homecoming reunion held Sunday afternoon at the Wayside Community Church.

Other officers elected during the business session were John Culwell, vice president; Ruth Gidden, secretary; and Dot Dodson, program chairman.

About 100 participated in the homecoming activities which began with church services in the morning with Rev. James Franz, pastor of Wayside Baptist Church, officiating.

A basket lunch was served at noon and the business session was concluded with a program arranged by Bernice Hamblen, Ruth Gidden and Mrs. Melton McGehee.

The program included several musical numbers and testimonies by students from Hidden Falls Ranch, a welcome by Ruth Gidden, response by Myrtle Washburn of Borger, special music by Mrs. Stanley Hill of Pampa, a reading on grandmothers by Ruth Gidden, and impersonations of "Minnie Pearl" by Kathy LaRoe of Happy 4-H Club.

Pd. Pol. Ad. Crawford Martin for Attorney General, Searcy Bracawell, State Chrmn.

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

WOULD YOUR CONGRESSMAN VOTE FOR GEORGE WALLACE?

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues . . .

STOP AND THINK WHAT WILL ACTUALLY HAPPEN . . .

The best that Wallace supporters can hope for is enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives . . .

THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

THERE IS A BETTER CHOICE . . .

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our National Affairs will take a new direction . . . the direction you want it to take!

YOU CAN TAKE OUR WORD FOR IT!

Funeral rites for Mrs. Henry Rater of Bellview were conducted recently at Vashie, near Bowie.

Mrs. Rater, 58, was the mother of Mrs. V. R. Reynolds of Canyon and Mrs. C. B. Reynolds of Amarillo. Other survivors include two sons and another daughter.

To the left was a decorative accent featuring three gourds of fall. The display was among those featured at the Canyon Garden Club flower show Sunday at the Girl Scout Building.

Gardeners Take Tour

A succulent tour of two gardens in Amarillo highlighted last Thursday's meeting of the Canyon Garden Club.

The club members met at the home of Mrs. Rae Walters to depart on the tour and returned

to the Walters home for refreshments, a business session and final planning for the club's flower show which was held Sunday.

PEOPLE HAD BOILS IN BIBLICAL TIMES

They are often mentioned in the Bible. A boil's redness, swelling, local "hotness," and great tenderness as a fluid-filled core develops, gives a picture of a typical infection. Boils are usually caused by a staphylococci variety of bacteria which remains confined to the area of their entry.

It is called a boil when on the skin's surface, an abscess when it involves deep tissues. A carbuncle is a cluster of boils and a felon is a special type of boil affecting the thick tissues of the pad of a fingertip. Never squeeze a boil or a pimple. This spreads the infection. Diabetics, or patients with vascular disease, hardening of arteries or Buerger's disease require immediate medical attention.

You say you'd like a few suggestions on how to get more out of your telephone service?

Here are five tips to help make your every "hello" a real good buy:

1. Whenever you're moving to another town within the Bell System, let us arrange for your phone service before you move. If you know the address of your new home, we can make arrangements in advance so you'll have the exact service you want in your new home. We'll also refer calls from your old phone to your new number if you like. Just call the business office and ask about our Easy Move Plan. There's no extra charge.
2. Speaking of moving, we hope you realize that wherever you move in the Bell System, there is no color charge for the phones at your new address if you had color phones at your old address.
3. Ever wonder what to do when you get a wrong number on a Long Distance call? Just hang up, dial "0" for "Operator," and tell her what happened. She'll see that you're not charged for the call.

4. And if you ever lose your dime in an out-of-order pay telephone, just go to a working phone and report it to the Operator. She'll arrange to have your dime mailed to you. Also, if you give her the number of the out-of-order phone, we'll get it fixed right away.

5. Long Distance interstate rates are lower all day Saturday and Sunday, and after 7 p.m. each weekday. You can also save money if you call by number. A station-to-station Long Distance call costs about one-third less than a person-to-person call.

At Southwestern Bell, our goal is to help you get the very best telephone service. We want your every "hello" to be a real good buy.
